The Present's Summary 2017-2018

Dear CAPA Members and friends:

It has been my great honor and privilege to serve you as the CAPA president for 2017-2018. Since its establishment in 2003, and with continuous and collective efforts from our previous presidents, officers of all subcommittees, and all active members, CAPA has become a national and internationally recognized pathologist organization with over 600 active members today.

CAPA consists of members cross North America, in both academic and private practice; in both AP and CP; with both experienced and pathologists in training. As individuals, we are extremely accomplished. We have many members with nationally and internationally reputation in their fields, many members serving in various leadership positions, such as Pathology Department Chairs, Directors for Anatomic Pathology, Directors for Residency and Fellowship Programs, and Directors/Business Owners in various settings of private practices; many members serving in various National Pathology Organizations. As a group, we still have long way to go. With individual and collective effort from all of us, I hope to see even bigger and greater contribution and impact to the national and international Pathology Community from all of our members.

During the past year, each CAPA subcommittee, led by an EC member has volunteered countless of hours of their free time and talent, and made the unprecedented accomplishments in CAPA history. Please see the names in Award List in the following pages.

Education subcommittee (Chair: Dr. Wei Xin):

- Five Meetings: 1) Hosting the third CAPA diagnostic Pathology Course, Chicago, Aug 19-20, 2017; 2) Co-organizing the third CAPA-Beijing Pathology Symposium, Beijing, Sep 2-3, 2017; 3) Organizing the CAPA session during Chinese Society of Pathology Annual Meeting, Suzhou, Oct 26-29, 2017; 4) Organizing the First CAPA Overseas CME Course in Dali, China, Oct 21-22, 2017; and 5) Organizing the First Poster session, co-hosted with Chinese Society of Pathology, with presentations from both U.S. and China, and the First Speciality Session on Breast Pathology at CAPA Annual Meeting at 2018 USCAP, Vancouver, March 17, 2018

- Four-Five Online lectures, including 7 expert special lectures: This weekly online educational courses has been a great success, with average of 300 people participating each time, with both residents, fellows and practicing pathologists.

A special thanks to Dr. Wei Xin, Chair for education committee and Dr. Linsheng Zhang, Chair for Online education subcommittee

Website Committee (Chair: Dr. Andy Ke): With significant effort from each member in this subcommittee, our website has made significant progress. By creating both public access - including meeting announcement, CAPA subcommittees and officers, sponsor links, etc.; and member-only access - our interesting cases, great photos, travel tips, cooking recipes, and more.

The Present's Summary 2017-2018 (Cont'd)

(Cont'd from Page 2)

Most Importantly, we have completed our online membership database and successful hosted our first CAPA election via our website, a special thanks to our IT expert and web-designer Dr. Jie Song.

Newsletter committee (Chair: Dr. Huan-You Wang): This subcommittee has published quarterly newsletters with news from our members, reports from each subcommittee, interesting cases, great photos, best recipes, etc, a special thanks to our Chief editor, Dr. Fan Chen.

Award Committee (Chair: Dr. Linsheng Zhang): This year award committee, a very dedicate and hard working team led by Drs. Linsheng Zhang, Xinmin Zhang and Charles Guo have reviewed and scored about 150 abstracts over a two week period. We have created four categories of awards for these poster sessions, and are looking forward to a great presentation at this meeting.

Membership Committee (Chair: Dr. Guoping Cai): We have made unprecedented accomplishment, with over 600 active members, many of them are lifetime members. We have also reset the membership clock: those who pay due between Jan 10, 2017 and Jan 10, 2018 are eligible to vote during 2018 CAPA election; and those who pay dues after Oct 1, 2018, enjoy membership benefit from Oct 2017 to Dec 2018.

Public Relation Committee (Chair: Dr. Lirong Cheng): Under the leadership of Dr. Lirong Cheng, we have received the single largest sponsorship in CAPA history this year. We want to express our sincere thanks for those who work tirelessly to secure these supports and to all the sponsors.

Bylaws Committee (Chair: Dr. Rouqing Huang and vice Chair: Jie Ye, Feng Li): They have led Drs. Ziwei Ma, Fanyou Chen, Marilyn Bui, Andy Ke, Linsheng Zhang, Wei Xin, Haodong Xu, Ruliang Xu, Jun Wang, Xiaohua Qian, Buiyan Chen, Jafan Liu, worked tirelessly on our Bylaws revision.

One particular event. I want to mention it here was during the "insensitive comments made by Ms. Driscoll in CAP-Today", many of our members, including Dr. Jiaoti Huang, Dr. Wei Xin, Dr. John Gao, Dr. Jie Ye, and Dr. Mujun Yu have stood out and made great contribution in resolving this issue.

Together, we have made history for CAPA, and together, we have made the impossible possible.

Ping Tang, MD, PhD
CAPA President 2017-2018

Message from President-elect 2018

Dear CAPA members,

It is my great honor to be elected as CAPA President 2018-2019 and I thank you for giving me the privilege to serve all of you. I am looking forward to work with each of you who demonstrate passion and enthusiasm in making CAPA greater.

I would like to thank all my predecessors for the exceptional work they have done in pursuit of our goal and acknowledge their great achievement. I would also like to congratulate Dr. Huan-You Wang for being elected as President-elect (2018-2019) and Drs. Feng Li, Xiuli Liu, and Zenggang Pan for being new Executive Committee members.

Great teamwork makes a society competitive and respectable, which is a prerequisite to make CAPA greater and for us to collaborate with other national and international pathology societies. In the upcoming year, our servant leadership will apply lessons and wisdom gained from previous experience. Among our priorities is to make an amendment to the current CAPA Bylaws led by the Bylaws Committee. In addition, we hope all of us to commit to a culture of cohesiveness, inclusiveness, effective communication, and mutual support, all of which are essential to the healthy growth and unification of our society.

With CAPA's key mission, i.e., improvement of education opportunities and professional skills, the focus of our new leadership team remains on education. The plans include, but not limited to, continue online lecture that has been running so well under the leadership of Drs. Linsheng Zhang and Zenggang Pan; host the 4th CAPA Diagnostic Pathology Course (New York, August 25-26, 2018); resume CAP companion meeting and continue CAPA awards to encourage members to pursue academic excellence. We will outreach interactions between CAPA and other Pathology Societies in the U.S., China and other international societies and participate in education events in a variety of levels. In addition, we will make effort to promote a healthy CAPA election on the basis of the amended Bylaws.

Together, we will embrace our profound purpose of making our CAPA greater and stronger. I hope you will join me in building the momentum for this great cause.

Sincerely yours,

Yun Gong, MD
