Message from the President

Dear Colleagues:
It is my great honor and privilege to serve you as CAPA President during 2020-2021. Thank you for your trust and your support!

CAPA has grown significantly in the past 17 years. She has become financially stronger, more responsible and more diverse. These achievements could not be made without the arduous works of past presidents, executive committee members, board of directors (BOD), numerous volunteers, active members, and the chairs, co-chairs and members of the (sub)committees. I would like to thank Professor Huan-You Wang, the immediate past president of CAPA, for his strong leadership and hard works, and the impressive works of the outgoing BOD members (Feng Li, Xiuli Liu, and Zenggang Pan). I also would like to thank all of our sponsors, friends from China, and last but not least all CAPA members and friends like you. Your continuous support will be much appreciated.

Looking forward: Please first join me to congratulate and welcome the newly elected BOD members (Shaoxiong Chen, Xin Han and Jie Song). They will work with the staying members including Bill Li, He Wang, Haodong Xu, Huihong Xu and Jiehao Zhou

to form 2020-2021 CAPA BOD. My team and I plan to continue our already successful meetings in the U.S. and China, online education programs and many others. Some additional goals are listed below to benefit individual members. I also welcome any suggestions on how to better serve the CAPA members and our community (Email: capa_2020@hotmail.com). With your support, together we can make CAPA even stronger.

Slogan: Your success is CAPA's success.

1. Empower CAPA members
2. Increase CAPA transparency
3. Maintain financial health
4. Increase the visibility of CAPA and its members
5. Maintain and promote ongoing programs
6. Increase membership – 100% coverage of residents and fellows
7. Respond to COVID-19 and other emergencies
8. Promote members' leisure activities
9. Strengthen research collaboration
10. Restore the records of our history

I look forward to working with you and the BOD members for an even stronger, more visible and more diverse pathology society. Sincerely yours,

Lanjing Zhang, MD
President of CAPA, 2020-2021
Vice Chair, and Director of GI and Liver Pathology, Department of Pathology, Princeton Medical Center
Visiting Professor, Rutgers University – Newark
Associate Member, Rutgers Cancer Institute of New Jersey

Summary of CAPA Immediate Past President (2019-2020)

Dearest CAPA members, supporters and friends:

The year 2019 has gone by fast, here I am so grateful for your coming along with me for the past year: thank you for your guide, thank you for your understanding, support and help,

thank you for your patience. Together we had a remarkable year, together we have achieved a lot. As my term as President ended, I would like to thank all members of Board of Directors 2019-2020 (Drs. Bill Li, Feng Li, Xiuli Liu, Zenggang Pan, Peter Wang, Haodong Xu, Huihong Xu and Jiehao Zhou) and members of Executive Committee (Drs. Fan Chen, Lizhen Gui, Zenggang Pan, Lanjing Zhang, Huihong Xu and Zhongren Zhou). I would like to express my deep appreciation to all committee chairs, co-chairs and committee members. Of course, I am indebted to you, the incredible members of this great organization-CAPA.

Year 2019 for CAPA has been a remarkable year from many aspects: year 2019 was a transitional year for we have adopted a new Bylaws; we have truly enjoyed our non-for-profit status in the history of CAPA; year 2019 has witnessed a peaceful election under the new Bylaws.

I started year 2019 with a strong foundation thanks to all previous presidents especially the immediate past President Yun Gong and her team of Executive Committee. In April 29, 2019, we were notified by IRS that we were officially granted a 501c(3) status. This is a truly milestone for our organization, the significances and the benefits of which cannot be overstated. The approval of 501c(3) by IRS will not be possible without the hard-works and visions of President Yun Gong, and all members of Executive committee 2018-2019.

We have held a record number of professional meetings in 2019 in the US or abroad either alone or in association with other societies and/or institutions. We held our 5th Annual Diagnostic Pathology Course from August 31 to September 1, 2019 in Hilton Los Angeles, San Gabriel, California. There are 126 participants including 36 outstanding speakers. We added a session of Pediatric Pathology for the first time. As a tradition, we held our CAPA Companion Meeting at CAP19, there were 5

wonderful speakers (Drs. Yun Gong, Bill Li, Xiuli Liu, Xuchen Zhang and Wenxin Zheng) and there were ~70 participants. We had two meetings within a span of 7 days in China in October 2019. There were total of 17 CAPA members who were invited as speakers at the 11th Asian-Pacific (AP)-International Academy of Pathology (IAP), which was held in Hefei, China from October 11-14, 2019. CAPA members were vital forces and played an important role during this meeting, our members were keynote speakers (Drs. Chen Liu and Jinsong Liu), general sessions moderators (Drs. Huan-You Wang and Jim Zhai), section chairs (Drs. Hui Pei, Hanlin Wang and Jimmy Yang) and section speakers (Drs. Cheng Liang, Huamin Wang, and Haodong Xu). Among three special sessions during AP-IAP, CAPA hosted one with 9 CAPA speakers (Drs. Dengfeng Cao, Yun Gong, Pifu Luo, Peng Yan, Kun Ru, Dongfeng Tan, Huan-You Wang, Jun Wang, and Yun Wu). We thank Drs. Xiuwu Bian and Jing Zhang, President and General Secretary of AP-IAP, respectively, for their kind invitation and incredible hospitality. The 5th CAPA-Cancer Hospital of Chinese Academy of Medical Sciences (CH-CAMS) Pathology Summit was held in CH-CAMS, Beijing, on October 19-20, 2019. Nine outstanding CAPA members were invited to deliver incredible talks on various topics within the gastrointestinal pathology, these 9 members were Drs. Guoping Cai, Chen Liu, Yun Gong, Grace Kim, Huamin Wang, Huan-You Wang, Yihong Wang, Wei Xin, Ximing Yang, and Jiehao Zhou. We thank Drs. Ximing Yang and Ning Lyn for their efforts and hard-works in making this joint meeting a memorable scientific exchange. The last meeting for CAPA in 2019 was CAPA Companion Meeting at 2019 American Society of Cytology (ASC) Annual Meeting from November 14-17, 2019 in Salk Lake City, Utah. The outstanding CAPA speakers for CAPA-ASC were Drs. Fang Fan, Zaibo Li, Xiaoqi Lin, Peter Wang and David Zhongren Zhou. For detailed CAPA educational activities, please refer the educational committee report

Our Online Lecture Series were even more popular and it has become a hallmark of CAPA. CAPA has hosted 30 online lectures in the year 2019. The average attendees are 270 per session. We thank Dr. Rong Fan and his team for their time and devotion week after week.

Despite increased expenses due to record numbers of meetings for the year 2019, despite negative impact of COVID19 on the

(Cont'd on Page 3)

Summary of CAPA Immediate Past President (2019-2020) (Cont'd)

(Cont'd from Page 2)

sponsorships, I think we will end up strong financially due to our tireless efforts for fundraising activities and increased member donations. As you all knew, we have received one-time \$10,000.0 donation from Dr. Lizhen Gui to establish "Lizhen Gui Award for Excellence in Pathology Training", we salute to Lizhen, we applaud her gracious, bold and visionary great deed. We hope more members will follow suit of Dr. Lizhen Gui so that more types of awards or endowments can be established. I thank Finance Committee chair and co-chair Drs. Huihong Xu and Zaibo Li, respectively.

While total numbers of memberships fluctuates from time to time, we do see an increase in our memberships. As of Feb 29, 2020, there are total of 685 members, which include 303 lifetime members, 159 regular members, and 159 associate members. It is my sincere hope that more Chinese American pathologists can join in us in the future. I thank Membership Committee chair and co-chairs Drs. Zenggang Pan, Xin Han, Di Ai and Xiangdong Xu and all committee members.

We have expanded and increased our collaborations with other professional societies in the past year. Besides our traditional partners such as CAP, CH-CAMS, IAP, and USCASP, we had a successful joint meeting with ASC thanks to Dr. Peter Wang. CAPA and Digital Pathology Association (DPA) have signed a two-year agreement in December 2019 to form an allied society to our mutual benefits. I would like to thank Dr. Marilyn Bui, the immediate past President of DPA, for her outstanding leadership. It is my hope that we explore potential future collaboration with Wu Jieping Medical Foundation.

It is my firm belief that CAPA under the leadership of Dr. Lanjing Zhang and future presidents will flourish. Long lives the CAPA.

Thank you!

Huan-You Wang, MD PhD, FCAP
President, 2019-2020
Professor of Pathology
Director of Hematopathology Fellowship Program
University of California San Diego

CAPA Educational Activities 2019-2020

Education Committee Chair: Lanjing Zhang

Co-Chairs: Zenggang Pan, He Wang, Wei Xin, Ximing Yang and Limin Yu

CAPA has had a record number of meetings and we have stayed very busy and quite active with regard to our educational activities in year 2019: together we have held 5 meetings in the US and abroad either by our society alone or in conjunction with other societies/institutions. Our members have had plenty of opportunities to participate in these meetings either as speakers or as attendees. The Education Committee thank all the speakers for their time and interest in sharing your expertise with us. We also thank those who participated as audience and we hope you join us in the future.

1. The 5th CAPA Annual Diagnostic Course was held from August 31 to September 1, 2019 in Hilton Los Angeles. This 1.5-day intense course had 126 participates including 36 speakers. In addition to ever popular subspecialties such as GI pathology, GU pathology, Cytology and Pulmonary pathology, Soft tissue, Bone pathology, Hematopathology, Beast pathology, we added Pediatric Pathology for the first time. Furthermore, we also had a taste of cutting-edge technology such as next generation sequencing (NGS) with regard to its increasing role in future personalized medicine. During this meeting, we had a Career Development Forum with 4 outstanding experts (Drs. Jiaoti Huang, Feng Li, Beverly Wang and Sang Wu) who shared their knowledge, expertise and successful stories with us.

4. In conjunction with Cancer Hospital of the Chinese Academy of Medical Sciences (CH-CAMS), ten CAPA members gave speeches on various topics within the GI pathology.

Speakers for CAPA-CH/CAMS

Kim, Grace (UC San Francisco)

Problematic Cases in GI Service

Wang, Yihong (Brown University):

Characteristics of metastasis in the breast from gastrointestinal origin

Liu, Chen (Rutgers University):

Epigenetic biomarkers in early HCC

Xin, Wei (Case Western Reserve University):

Practical approach for diagnosing medical liver disease

Yang, Ximing (Northwestern University):

Hepatic mass-case discussion (~10-15 min)

Wang, Huan-You (UC San Diego):

T/NK-cell lymphoproliferative disorders of the digestive system

Zhou, Jiehao (Indiana University):

B-cell lymphomas of the digestive system

Cai, Guoping (Yale University):

Pancreatic cysts: cytomorphology, cyst fluid analysis and molecular testing

Wang, Huamin (UT MD Anderson Cancer Center):

Challenges and recommendations in pathology of treated pancreatic cancer

Gong, Yun (UT MD Anderson Cancer Center):

Challenges cases of pancreatic FNA

CAPA COVID-19 Committee, Action Plan, and Updates

Coronavirus disease 2019 (COVID-19) is an infectious disease caused by severe acute respiratory syndrome

coronavirus 2 (SARS-CoV-2). The disease was first identified in December of 2019. As of Mid of April 2020, nearly 2.3 million cases have been reported across 210 countries and territories, resulting in over 150,000 deaths. In US, since the first confirmed case reported in January 2020, COVID-19 has infected more than 700,000 individuals and caused more than 38,000 deaths. As a professional medical organization, CAPA has taken actions to help our members and institutions fighting the viral infection on the frontline. An urgent CAPA BOD meeting was held and approved the establishment of COVID-19 committee and its action plan responding to the pandemics on behalf of CAPA on March 1st followed by a call for donation.

The committee is chaired by Dr. Lanjing Zhang. The co-chairs are Drs. Huan-you Wang and Zaibo Li. The committee members includes Drs. Fan Chen, Miao Cui, Yun Gong, Lizhen Gui, Xin Han, Jian Jing, Yuanxin Liang, Peng Lee, Bill Li, Faqian Li, Feng Li, Bing Ren, Daisy Sun, He Wang, Xiaoying Wan, Ling Wang, Haodong Xu, Ruliang Xu, Ximing Yang, Huihui Ye, Liying Zhang, Yaxia Zhang, and Jiehao Zhou.

COVID-19 Committee Action Plan

1. Establish a multitask fund to support fighting COVID-19 infection. It may include but not limit to the urgent funds/resources for CAPA members related to COVID-19 infection, and aids to the area(s) with viral outbreak requiring urgent help. The fund will come from CAPA allocation and member donations, and will be subject to the BOD's approval. The usage of the fund should be transparent and published at CAPA website or other media regularly.
2. Solicit the ideas from CAPA members on how to contribute fighting COVID-19.
3. Invite experts in infectious disease and diagnostics to educate CAPA members of the updates of the viral infection via online lecture platform.
4. Promote collaboration of CAPA pathologists with the pathologists in China or other physicians with experience to study the pathogenesis of COVID-19.
5. Use part of the donations to COVID-19 to fund the research focused on COVID-19. The research committee

will be in charge of the solicitation, review and selection of submitted projects.

Subsequently, a CAPA member online town hall meeting was held to discuss how to appropriate utilize the donation to help CAPA community to combat COVID-19 disease.

Summary of the CAPA Online Town Hall Meeting on COVID-19

Start time: 2:09PM (EDT) 3/23/2020.

End time: 3:55PM (EDT) 3/23/2020

Host: Lanjing Zhang

Attendance: 28 CAPA members

Discussions:

1. Dr. Zhang presented the preliminary report of the COVID-19 committee
2. The committee surveyed more than 10 vendors and several options to use the received donations
3. The committee recommended to purchase medical N95 masks with assistance from Association of the Chinese American Physicians (ACAP, contact Dr. Ruliang Xu), among other approaches.
4. Many attendees shared their concerns on mask shortages and difficulty in purchasing trustable masks.
5. Dr. Ruliang Xu explained and answered the questions regarding the purchase process and their prior experiences.
6. The majority of the attendees commented on the proposed action plans, and agreed to purchase 5,000 medical N95 masks with ACAP's assistance.
7. The majority also agreed to purchase additional FDA-cleared level-2 or -3 surgical masks upon available.
8. Attendees entertained how to best dispense/donate the masks. One is to dispense in small batch (100 each) to 50 spots, but the majority agreed to dispense 500 (may be up to 1,000) N95 to each of the selected big-name or mask-deprived hospitals. A survey will be sent to seek nominations of the hospitals or regions with most needs.
9. Some attendees would like to purchase level-2 surgical masks for their local hospitals or regions. Dr. Xu will be contacted by those members.
10. One member wanted to purchase some medical N95 masks for her hospital. This will be discussed off line.

RE: President's message, April 2020

Dear fellow CAPA members,

COVID-19 has posed unprecedented impacts on our personal and professional lives. Now numerous confirmed cases have been reported in the U.S. Many of our patients are infected by the virus, and some died of it. CAPA answered the call and has responded to the COVID-19 pandemic.

Dr. Xiangdong Xu and other IT team members promptly launched the "CAPA responds to COVID-19" website <https://www.capa-ht.org/capa-responds-to-covid-19/> With strong support of the BOD, we also established a dedicated, ad hoc COVID-19 committee, which has tirelessly and collegially worked on the project. It has members with diverse background, regarding gender, geographic location, years of practice and practice setting. We have curated and identified reliable 4 suppliers out of the 15 candidates. Those pieces of information and action options were present and discussed at the online town hall meeting on March 23, 2020. See meeting [ppt](#) and [summary](#) (click to open).

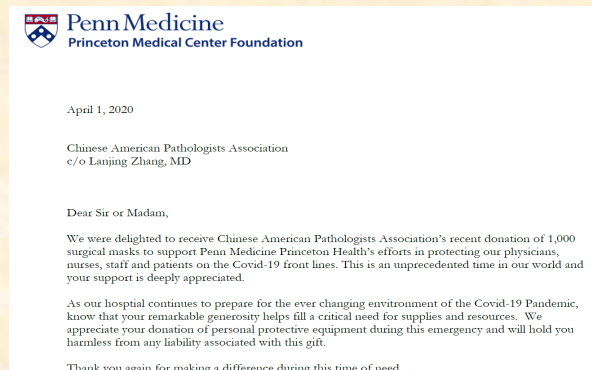

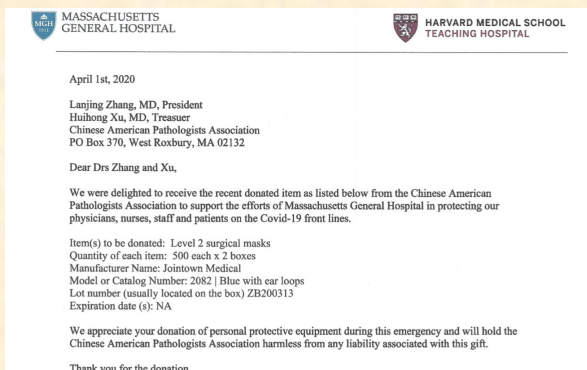

As reported by CAPA finance committee, we now have raised \$54,051 as of 4/14/2020, which were donated from more than 300 individuals. Please see the details on page 10-11 or at [Update on donations \(on box, click to open\)](#). We also received a total of about \$33,500 in-kind or cash donations from 5 organizations, including **Shenzhen Horb Tech Ltd, Sias University, Champions of Medical Advancement Associates, Chinese Community of Madison CT and UNMC Alumni Association of Chinese Visiting Scholars and Students.**

With the help of Drs Ruliang Xu at Association of Chinese American Physicians, Yuanxin Liang and Miao Cui, we have purchased and sent 500 to 3000 masks to each of the 19 hospitals in various sizes and locations as of Apr 18, 2020, whose needs of masks are urgent and significant. They included (alphabetically order) Advocate Good Samaritan Hospital, IL; Chilton Medical Center, NJ; Cooper University Hospital, NJ; Geisinger Medical Center, PA; Hackensack University Medical Center, NJ; Mass General Hospital, MA; Miami Valley Hospital, OH; Montefiore Medical Center, NJ; Princeton Medical Center, NJ; Robert Wood Johnson University Hospital, NJ; Saint Peter's University Hospital, NJ; St. Mary's Hospital Milwaukee, WI; Tufts University Medical Center, MA; UC San Diego Health, CA; UC Irvine, CA; University of Chicago, IL; University of Nebraska Medical Center (Joint Donation), NE; Washington Regional Medical Center, AR; Yale University, CT. Masks will be mailed to additional hospitals as soon as a waive-of-liability agreement is signed. I am very grateful to the team and our members for your trust, understanding and support. Working together we each can achieve more. Please let me know what CAPA can do for you. Thank you, and stay safe!

Lanjing Zhang, MD

CAPA President, 2020-2021
