## Message from the President(2025-2026)

*D*ear Colleagues of CAPA:

**Happy June!**

It has been nearly three months since I assumed the role of CAPA President in March. During this time, we have successfully established outstanding Executive Committees, Educational Committees, Subcommittees, and more. Our new Executive Committee has worked closely with the chairs of various committees, as well as our dedicated members, to ensure a smooth and effective leadership transition.

In my previous message, I outlined several key initiatives. I am now delighted to share with you the progress and accomplishments we have made since March.

### 1. Innovation in Education and Professional Development

**1) We remain committed to enhancing our existing educational initiatives, including our annual diagnostic course (details as below) and online education programs.**

#### **11<sup>th</sup> Annual Diagnostic Course/CAPA-CAP companion meeting**

The Executive Committee has approved the proposal from the Meeting Organizing committee and Logistics Support Subcommittee. The highly anticipated course will be held at the **Orlando World Center Marriott Hotel**, in conjunction with the CAP25 Annual Meeting, on September 12, 2025. This event will be especially meaningful, as Dr. Jim Zhai will be inaugurated as President of CAP during the meeting—a proud and historic moment for CAPA. The course will feature a diverse array of educational sessions encompassing Anatomic Pathology (AP), Clinical Pathology (CP), Molecular Pathology (MP), and Digital Pathology (DP).

We are honored to welcome a distinguished lineup of speakers. **Dr. Pei Hui** (Yale School of Medicine) will present Trophoblastic Disease – Timely Update of Diagnostic Pathology. **Dr. Yun Wu** (University of Texas MD Anderson Cancer Center) will discuss Neuroendocrine Neoplasms of the Breast: Challenges in Diagnosis and Classifications. **Dr. Charles Guo** (MD Anderson Cancer Center) will present Recent Developments in Bladder Cancer and Histologic Subtypes, and **Dr. Linsheng Zhang** (Emory University School of Medicine) will cover The Expanding Role of Molecular Genetic Studies in the Diagnosis and Clinical Management of Myeloid Neoplasms.

In addition to the traditional course lectures, we will host a CAPA companion meeting on September 13, 2025, during CAP25. At this session, four outstanding speakers will present the latest cutting-edge advancements and best practices in pathology. All speakers are world-renowned experts who will share their insights and expertise in diagnostic pathology, offering invaluable knowledge to our members.

- **Dr. Qihui (Jim) Zhai**, CAP President-elect, Louisiana State University – Head and Neck Pathology
- **Dr. Kiril Trpkov**, University of Calgary – Genitourinary Pathology
- **Dr. Elizabeth Montgomery**, University of Miami – Gastrointestinal Pathology
- **Dr. Marilyn Bui**, Moffitt Cancer Center – Artificial Intelligence in Pathology

Please mark your calendar and don't miss this unique opportunity to reconnect with old friends, meet new colleagues, expand your professional network, and support your ongoing development. Detailed information about course registration and the conference agenda can be found on the CAPA website at the following link: <https://www.capa-ht.org/2025-diagnostic-course/>. I strongly encourage you to register as soon as possible for what promises to be a memorable and enriching event.

My heartfelt thanks go to Dr. Xiaoying Liu (chair), Dr. Rong Xia (co-chair), Dr. Deyin Xing (co-chair), Dr. Yanjun Hou, Dr. Mei Liang, Dr. Yiting Li and other team members for their outstanding efforts in organizing this event.

## 2) Launch of CAPA Digital Platform in Collaboration with PathPresenter

We are pleased to announce that CAPA has entered into a collaborative agreement with PathPresenter Inc. and successfully launched CAPA's own digital platform: <http://capa.pathpresenter.net>. This platform offers our members seamless access to high-quality educational resources and virtual learning opportunities.

### 3) Upcoming Digital Pathology Survey

Under the leadership of Dr. Wei Chen, we will soon launch a digital pathology survey among our members. This initiative aims to explore the current landscape and applications of digital pathology, whole slide imaging (WSI), and artificial intelligence (AI) in our field. The insights gathered will help ensure that CAPA members stay at the forefront of technological and diagnostic advancements in pathology.

2. **Fostering Collaboration and Global Engagement** – CAPA has always thrived on collaboration, and we continue to expand our global partnerships to foster knowledge exchange and professional growth.

#### 1) CAPA-CAP companion meeting

The CAPA–CAP Companion Meeting will be held on Saturday, September 13, 2025, from 2:00–4:00 PM ET. Registration is available through [CAP.org](https://www.cap.org). This session will feature four expert presentations on rapidly evolving areas in pathology, including diagnostic criteria, biomarkers, novel therapies, and AI-powered tools.

#### 2) The 5th CAPA–ASC Companion Meeting

The 5th CAPA–ASC Companion Meeting, titled “*Recent Advances in Precision Cytopathology*,” has been approved by both the American Society of Cytopathology and CAPA. It will take place during the ASC 73rd Annual Scientific Meeting in St. Louis, Missouri, from November 5–9, 2025. Organized by Drs. Xiaoying Liu, Fang Fan, Tieying Hou, Xiaohua Qian, and Jun Wang, this session highlights CAPA’s expanding impact and will focus on the latest advancements in precision cytopathology.

#### 3) German Society of Pathology (DGP)

As part of our continued educational collaboration with DGP, several CAPA members—Dr. Liang Cheng (online), Dr. Chen Liu, Dr. Jinsong Liu, Dr. Huamin Wang, Dr. Jun Wang, Dr. Jing Zhang, and Dr. Larry Wang—have been invited to speak at the 108th Annual Meeting of the DGP, taking place June 12–14, 2025, in Leipzig, Germany. This event serves as a counterpart to CAPA’s Annual Meeting in Boston this past March, where DGP representatives were warmly welcomed. DGP will now host a CAPA delegation, continuing the transatlantic scientific exchange and deepening our partnership.

#### 4) AP-IAP companion meeting

Further strengthening our collaboration with AP-IAP, several CAPA members—Drs. Larry Wang, Chen Liu, Shaoxiong Chen, Zhaohai Yang, Ximing Yang, Bo Xu, Yun Wu, Hooding Xu, and Guoping Cai—have been invited to present at AP-IAP 2025, scheduled to take place in Bangkok, Thailand, in November 2025.

#### 5) CAPA-IAC collaboration

We have initiated productive discussions with the leadership of the International Academy of Cytology (IAC), including current President Dr. Syed Ali and immediate past President Dr. Fernando Schmitt. We are pleased to report that the IAC Board of Directors has approved CAPA's inclusion as an affiliated society, marking another milestone in CAPA's international engagement.

#### 6) CAPA-DPA collaboration

CAPA remains an allied society of the Digital Pathology Association (DPA), a partnership that continues to provide financial support to CAPA and complimentary DPA memberships to our members. We value this ongoing collaboration and its contributions to advancing digital pathology education and outreach.

### 3. Enhancing Member Engagement, Well-Being and Leadership Development –

Our members are the heart of CAPA, and our greatest strength lies in our collective voice and active participation. We remain committed to supporting our community through the ongoing **Leadership, Professionalism, Wellness, and Friendship Development Program**, while also developing new initiatives to better understand and address the needs of all members, including associate members and trainees.

Under the leadership of Drs. Helen Zhang, Haijun (Steven) Zhou, and Qiuying Shi, this program continues to offer valuable lectures and events covering a wide range of topics—from leadership and communication skills, professionalism, and academic advancement to personal health and wellness. These sessions not only enhance our professional growth but, more importantly, promote our physical and mental well-being. Prioritizing wellness is essential to sustaining a vibrant and resilient professional community.

#### 4 Strengthening CAPA's Financial Foundation

To ensure the long-term sustainability and continued growth of our association, we are actively pursuing financial sponsorships from industry partners. Under the leadership of Dr. Yi Ding (Chair of Professional Partnerships Committee), we are currently seeking sponsorship for the upcoming CAPA Diagnostic Course in Orlando, FL, and have already received promising proposals from several industry sponsors. We will continue to engage with them to secure their support and partnership.

Finally, I would like to extend my heartfelt appreciation to all our members for their selfless dedication, unwavering support, and tireless efforts. It is through your collective commitment that CAPA continues to thrive, make meaningful contributions to the field of pathology, and achieve lasting success and growth.

Sincerely,

Zaibo Li, MD PhD MBA

CAPA President (2025–2026)

# **The 11th Annual CAPA Diagnostic Course**

## **Chinese American Pathologists Association**

**Marriott Orlando World Center,  
Orlando, FL**

**Friday, September 12, 2025**

# The 11th CAPA Diagnostic Course and CAPA-CAP Companion Meeting

**Date:** September 12–13, 2025

**Location:** Marriott Orlando World Center, Orlando, FL

**Organized by:** Chinese American Pathologists Association (CAPA)

## Organizing Committees:

### Scientific Committee:

**Chair:** Xiaoying Liu, Co-Chairs: Deyin Xing, Rong Xia, Zaibo Li

**Members:** Bihong Zhao, Gord Zhu, Gloria Zhang, Xin Yi, Qun Wang, Shaofeng Yan, Xuchen Zhang, Miao Zhang, Tong Sun, Qiuying Shi, Shunyou Gong, Huina Zhang, Yi Ding, Liam Chen, Jinjun Cheng, Lihong Bu, Jian Jing

### Meeting Logistics and Organizing Team:

**Chair:** Yanjun Hou; Co-Chair: Mei Liang, Helen Zhang, Yiting Li

**Members:** Belinda Sun, Huazhang Guo, Limin Yu

### CME Application Committee:

**Chair:** Rong Xia, Co-Chair: G. Jeff Yang, Xiaoying Liu

## Conference Overview:

**The 11th CAPA Diagnostic Course (Friday, September 12, 2025) (Registration at CAPA website: <https://www.capa-ht.org>)**

The 11th CAPA Diagnostic Course is a one-day conference on Friday, September 12, 2025, bringing together leading experts across all subspecialties of diagnostic pathology to provide comprehensive education on recent advances in diagnostic pathology, molecular testing, and AI applications in pathology. The course focuses on updates in disease classifications, addressing common diagnostic challenges encountered in daily practice. It features didactic lectures and case-based presentations, offering participants practical insights to enhance their diagnostic accuracy and confidence.

## Learning Objectives

Upon completion of this course, participants will be able to:

1. **Enhance Diagnostic Proficiency:** Strengthen the interpretation and diagnosis of complex pathology cases across all subspecialties by gaining a profound understanding of pathologic classifications, recognizing common pitfalls, and applying improved diagnostic approaches.
2. **Stay Updated on Emerging Trends:** Gain insights into the latest advancements in diagnostic pathology, molecular testing, and AI applications in pathology.
3. **Refine Diagnostic Expertise:** Improve diagnostic accuracy and minimize errors through case-based presentations and in-depth discussions on challenging diagnostic scenarios, while effectively navigating complex cases.
4. **Foster Collaborative Learning:** Network with peers and experts, exchanging knowledge and best practices to enhance diagnostic proficiency and improve patient care.

## Intended Audience

This course is intended for:

- Practicing pathologists seeking to enhance their diagnostic skills
- Pathology residents, fellows, and trainees preparing for board exams or subspecialty practice
- Healthcare professionals involved in pathology and related diagnostic fields

## Registration Fees

- Non-member: \$300
- Member: \$200
- Speakers for concurrent sessions: \$100
- Speakers for General sessions: Free
- Associate Member / Pre-resident Attendee / Guest (for dinner reception only): \$100

*Donations to CAPA, a 501(c)(3) non-profit organization, are welcome and appreciated.*

## CME Information

### Joint Providership Accreditation Statement

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the College of American Pathologists and the Chinese American Pathologists Association (CAPA). The College of American Pathologists is accredited by the ACCME to provide continuing medical education for physicians.

### Credit Designation Statement

The College of American Pathologists designates this live educational activity for a maximum of 6.5 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only credit commensurate with the extent of their participation in the activity.

### Disclaimer

The content of this accredited CE (CME) activity does not necessarily reflect the view or policies of the College of American Pathologists.

# The 11th CAPA Diagnostic Course and CAPA-CAP Companion Meeting 2025

---

Date: September 12-13, 2025

Location: Marriott Orlando World Center, Orlando, FL

## Program Overview

In-Person Only (No Virtual Option)

The CAPA 11th Diagnostic Course/ CAPA-CAP Companion Meeting 2025

### Preliminary Program Agenda.

Meeting Date/Time:

CAPA 11th Diagnostic Course: 8:00am-5:00pm ET, Sept. 12, 2025

CAPA-CAP Companion Meeting 2025: 2:00pm-4:00pm ET, Sept. 13, 2025

Meeting site: Orlando, FL

Address: Marriott Orlando World Center

### **CAPA 11th Diagnostic Course - Program Overview (In Person Only, No Virtual Option)**

09/12/2025 Friday (FL Local Time, ET)

7:30 am Poster setup, Dr. Xing (in charge)

7:50 am Opening remarks by CAPA president, Dr. Zaibo Li

#### **General Sessions (room #1). GYN, Breast, GU, Molecular Pathology (Moderator: Dr. Xiaoying Liu)**

8:00 – 8:25 Trophoblastic Disease - Timely Update of Diagnostic Pathology. By **Dr. Pei Hui**, Yale School of Medicine

8:25 – 8:50 Neuroendocrine neoplasms of the breast: challenges in diagnosis and classifications. By **Dr. Yun Wu**, University of Texas MD Anderson Cancer Center

8:50 – 9:15 Recent Development in Bladder Cancer and Histologic Subtypes. By **Dr. Charles Guo**, MD Anderson Cancer Center

9:15 – 9:40 The expanding role of molecular genetic studies in the diagnosis and clinical management of myeloid neoplasms. By **Dr. Linsheng Zhang**, Emory University School of Medicine

9:40 – 9:50 Q&A

9:50-10:00 Break

**Concurrent Sessions #1 (room #1) Cytopathology, Thoracic/Cardiovascular, GI Pathology (Moderator: Helen Zhang)**

10:00 – 10:20 WHO Reporting System for Kidney Cytology. By **Dr. Xiaoqi Lin**, Northwestern University

10:20 – 10:40 Updates in Anal Cytology. By **Dr. Hannah Chen**, Brigham and Women's Hospital

10:40 – 11:00 Challenges and Diagnostic Pitfalls in Identifying Metastatic Neoplasms in Lung Biopsies. By **Dr. Haodong Xu**, Wake Forest University School of Medicine

11:00 – 11:20 Morphologic Spectrum of Cardiac Disease: Insights from Explanted and Post-Mortem Hearts. By **Dr. Huihua Li**, Duke University Medical Center

11:20 – 11:40 Ischemic Bowel Disease: The hidden culprit of abdominal pain. By **Dr. Lihui Qin**, Weill Cornell Medicine

11:40 – 12:00 Medical liver biopsy interpretation: How to push the boundaries. By **Dr. Jimin (Nancy) Liu**, Mt Sinai Hospital, University of Toronto

12:00 – 12:10 Q&A

**Concurrent Sessions #2 (room #2) Chemistry, Hematopathology, Molecular Pathology (Moderator: Dr. Jian Chen/Dr. Yi Ding)**

10:00 – 10:20 Enhancing Clinical Laboratory Quality - An Evaluation of Outcome-Based Improvements. By **Dr. Jieli Shirley Li**, The Ohio State University

10:20 – 10:40 ALK-negative anaplastic large cell lymphoma. By **Dr. Jie Xu**, MD Anderson Cancer Center

10:40 – 11:00 ALK+ histiocytosis with indolent T lymphoblasts proliferation (iT-LBP). By **Dr. Yu Yang**, (Sunny) University of Florida

11:00 – 11:15 Q&A

11:15 – 11:35 Gastrointestinal Stromal Tumors with Concomitant SDH and KIT Gene Mutations: A Single Institution Experience. By **Dr. Guang Yang**, Perelman School of Medicine at the University of Pennsylvania

11:35 – 11:55 DDX41: Here, There and Everywhere. By **Dr. Peng Li**, University of Utah Health

11:55 – 12:10 Q&A

12:10 – 13:20 non-CME activity; Sponsors presentations **(Non-CME sessions)**

12:10 – 12:30 Pathology Foundation Models, By Dr. Limin Yu, Corewell Health, MI **(Non-CME session)**

12:10 – 13:20 Lunch Breaks

**Concurrent Sessions #3 (room #1) Breast Pathology, Dermatopathology, Neuropathology/other  
(Moderator: Jing He)**

13:20 – 13:40 Sharpening Diagnostic Skills in breast pathology: What Consultation Cases Teach Us. By **Dr. Gloria Zhang**, Cleveland Clinic

13:40 – 14:00 Challenging core biopsies of the breast lesions. By **Dr. Haiying Zhan**, Yale University School of Medicine

14:00 – 14:20 Useful Immunohistochemical Markers for the Diagnosis of Cutaneous Melanocytic Lesions. By **Dr. Shaofeng Yan**, Dartmouth Hitchcock Medical Center

14:20 – 14:40 Aggressive Cutaneous Lymphomas and Their Mimickers. By **Dr. Linglei Ma**, University of Virginia School of Medicine.

14:40 – 15:00 Implementation of DNA Methylation Profiling in CNS Tumor Diagnosis. By **Dr. Yu Sun**, Moffitt Cancer Center

15:00 – 15:20 Cytopathology in the AI Era: Innovations, Challenges, and the Road Ahead. By **Dr. Xiaoying Liu**, Dartmouth Hitchcock Medical Center

15:20 – 15:30 Q&A

15:30-15:40 Break

**Concurrent Sessions #4 (room #2) GYN, Pediatric, Bone/Soft tissue Pathology, (Moderator: Deyin Xing)**

13:20 – 13:40 Molecular landscape of uterine mesenchymal tumor. By **Dr. Tong Sun**, Yale School of Medicine

13:40 – 14:00 Mesonephric and Mesonephric-like adenocarcinoma. By **Dr. Yanjun Hou**, Wake Forest University School of Medicine

14:00 – 14:20 Pediatric Type Follicular Lymphoma: An Update. By **Dr. Shunyou Gong**, Northwestern University

14:20 – 14:40 Primary Mediastinal B Cell Lymphoma Overlaps with Syncytial Variant Classical Hodgkin Lymphoma on Lymph3CX assay. By **Dr. Jinjun Cheng**, Mayo Clinic Arizona

14:40 – 15:00 Schwannoma-like tumors. By **Dr. Zhonghua Liu**, MedStar Washington Hospital Center

15:00 – 15:20 Interesting cases in bone and soft tissue tumor. By **Dr. Gord Zhu**, Cooper University Hospital, Cooper Medical School of Rowan University

15:20 – 15:30 Q&A

15:30-15:40 Break

**Concurrent Sessions #5 (room #1) Head and Neck Pathology, Autopsy, GI Pathology, IHCs. (Moderator: Qiuying Shi)**

15:40 – 16:00 Diagnostic Pitfalls and Clinical Implications of Intraoperative Consultation for Common Head and Neck Diseases. By **Dr. Qihui (Jim) Zhai**, CAP President-elect, Louisiana State University

16:00 – 16:20 Rare Cases and New Entities of Sinonasal Neoplasms: An Immunohistochemical and Molecular approach. By **Dr. Sanhong Yu**, Yale School of Medicine

16:20 – 16:40 Diagnostic approach of neuroendocrine neoplasm. By **Dr. Belinda Sun**, University of Arizona Health Sciences Center

16:40 – 17:00 Immunohistochemistry and biomarkers on breast pathology. By **Dr. Yuanxin Liang**, Yale School of Medicine

17:00 – 17:10 Q&A

**Concurrent Sessions #6 (room #2) GU, Renal Pathology (Moderator Frances Feng / Lihong Bu)**

15:40 – 16:00 Cribriform Lesions in Prostate, Their Differential Diagnosis, Clinical Significance and Reporting. By **Dr. Ying Wang**, University of Rochester Medical Center

16:00 – 16:20 Molecularly defined renal carcinomas. By **Dr. Jianhong Li**, Geisinger Medical Center

16:20 – 16:40 Donor kidney evaluation- what we need to know. By **Dr. Liying Fu**, Mayo Clinic Arizona

16:40 – 17:00 Diagnostic pitfalls in renal amyloidosis. By **Dr. Haiyan Zhang**, University of California San Diego Health

17:00 – 17:10 Q&A

**17:10 Group Photos**

**18:00 CAPA Dinner and Networking**

## **CAPA-CAP Companion Meeting (Saturday, September 13, 2025) (Registration through CAP.org)**

On Saturday from 2:00pm-4:00pm ET, September 13, 2025, the CAPA-CAP Companion Meeting will feature four keynote presentations by distinguished speakers covering rapidly evolving areas of pathology. As the field experiences unprecedented growth—including new diagnostic criteria, biomarkers, therapies, and AI-powered tools—this session aims to help pathologists stay informed and apply the latest advancements in their practice. (**Moderators:** Larry Wang MD PhD and Xiaoying Liu MD, MSc, FCAP).

### **Keynote Speakers:**

- Dr. Qihui (Jim) Zhai, CAP President-elect, Louisiana State University – Head and Neck Pathology
- Dr. Kiril Trpkov, University of Calgary – Genitourinary Pathology
- Dr. Elizabeth Montgomery, University of Miami – Gastrointestinal Pathology
- Dr. Marilyn Bui, Moffitt Cancer Center – Artificial Intelligence in Pathology

## **Faculty Speakers (Alphabetical Order)**

Dr. Haiyan Chen, Brigham and Women's Hospital

Dr. Jinjun Cheng, Mayo Clinic Arizona

Dr. Liying Fu, Mayo Clinic Arizona

Dr. Shunyou Gong, Northwestern University

Dr. Charles Guo, MD Anderson Cancer Center

Dr. Yanjun Hou, Wake Forest University School of Medicine

Dr. Pei Hui, Yale School of Medicine

Dr. Peng Li, University of Utah Health

Dr. Huihua Li, Duke University Medical Center

Dr. Jianhong Li, Geisinger Medical Center

Dr. Jieli Shirley Li, The Ohio State University

Dr. Yuanxin Liang, Yale School of Medicine

Dr. Xiaoqi Lin, Northwestern University

Dr. Zhonghua Liu, MedStar Washington Hospital Center

Dr. Xiaoying Liu, Dartmouth Hitchcock Medical Center

Dr. Jimin (Nancy) Liu, Mt Sinai Hospital, University of Toronto

Dr. Linglei Ma, University of Virginia School of Medicine.

Dr. Lihui Qin, Weill Cornell Medicine

Dr. Tong Sun, Yale School of Medicine

Dr. Yu Sun, Moffitt Cancer Center

Dr. Belinda Sun, University of Arizona Health Sciences Center

Dr. Ying Wang, University of Rochester Medical Center

Dr. Yun Wu, University of Texas MD Anderson Cancer Center

Dr. Haodong Xu, Wake Forest University School of Medicine

Dr. Jie Xu, MD Anderson Cancer Center

Dr. Shaofeng Yan, Dartmouth Hitchcock Medical Center

Dr. Guang Yang, Perelman School of Medicine at the University of Pennsylvania

Dr. Yu Yang, (Sunny) University of Florida

Dr. Sanhong Yu, Yale School of Medicine

Dr. Limin Yu, Corewell Health, MI

Dr. Qihui (Jim) Zhai, CAP President-elect, Louisiana State University

Dr. Haiying Zhan, Yale University School of Medicine

Dr. Haiyan Zhang, University of California San Diego Health

Dr. Linsheng Zhang, Emory University School of Medicine

Dr. Gloria Zhang, Cleveland Clinic

Dr. Gord Zhu, Cooper University Hospital, Cooper Medic

## The 108th Annual Meeting of the German Society of Pathology (DGP)

The delegation of the Chinese American Pathologists Association (CAPA) attended the 108th Annual Meeting of the German Society of Pathology (DGP), held in Leipzig, Germany, from June 12–14, 2025. The CAPA delegation received a warm welcome from the DGP Board of Directors, including a wonderful welcome dinner at a well-known local restaurant.

The high-level scientific program attracted more than 800 participants from Germany, Switzerland, Austria, and other European countries. The CAPA delegation contributed some high-quality presentations, which were well received by the attendees. Delegation members included Dr. Liang Cheng (online), Dr. Chen Liu, Dr. Jinsong Liu, Dr. Huamin Wang, Dr. Jun Wang, Dr. Jing Zhang, and Dr. Larry Wang.

This event was part of the ongoing CAPA-DGP collaboration, further strengthening ties and promoting continued exchange between the two societies. Special thanks to Prof. Dr. Christoph Röcken, Prof. Dr. Philipp Ströbel, and General Secretary Mr. Jorge Maas for their kind invitation and generous hospitality.

## International Symposium on the Future of Pathology Successfully Held in Hangzhou, China

The International Symposium on the Future of Pathology, co-sponsored by Zhejiang University and the Chinese American Pathologists Association (CAPA), was successfully held in Hangzhou, China, on April 12–13, 2025. The event was conducted in both onsite and virtual formats, featuring a wide range of topics presented by experts from China, the United States, and other countries. Key subjects included the integration of general pathologists into subspecialty practice, along with recent advances in molecular and digital pathology.

The symposium attracted more than 500 in-person attendees and several thousand virtual participants. The event was widely broadcast, reaching an audience of hundreds of thousands. The CAPA delegation included seven members: Dr. Liang Cheng, Dr. Gang Zheng, Dr. Ken H. Young, Dr. Shaoxing Chen, and Dr. Larry Wang, along with Dr. Jonathan Nowak from Brigham and Women's Hospital and Dr. Eric Duncavage from Washington University in St. Louis.

This was the first in-person meeting since the COVID-19 pandemic. Special thanks go to Dr. Jing Zhang and Dr. Mei Kong from China, as well as Dr. Shaoxing Chen from FC CAPA, for their outstanding efforts in organizing this successful event.

ONTARIO ASSOCIATION OF  
— PATHOLOGISTS —

**Jimin (Nancy) Liu**

*President*

Clinical Interests: anatomical pathology, liver pathology, and digital pathology

Appointment Status: Mt Sinai Hospital

**Credentials:**

MD, MSc, FRCPC

**Term:**

2024-2026

**CityTown:**

Toronto

## **CAPA 2025-2026 committee chairs/co-chairs**

1. Award Committee: Chair: Shimin Hu
2. CAPA-USCAP Companion Meeting: Chair: Deyin Xing; Co-chair: Dr. Ming Zhou, Dr. Jingmei Lin, Dr. Xiaoying Liu
3. CAPA-ASC Companion Meeting: Chair: Xiaoying Liu; Co-chair: Qun Wang, Marilyn Bui, Fang Fan, He Wang
4. Education Committee: Chair: Xiaoying Liu; co-chair: Rong Xia, Deyin Xing  
Online education committee: Chair: Rong Xia
5. Efficiency Improvement Committee: Chair: Wei Chen
6. Finance Committee: Chair: Yanjun Hou; co-chair: Xiuyan (Frances) Feng
7. IT Website committee: Chair: Huazhang Guo
8. Leadership Professionalism Wellness and Friendship Development: Chair: Helen Zhang; Co-Chairs: Haijun (Steven) Zhou, Qiuying Shi
9. Meeting organization/Logistic Committee:
  - a. CAPA 2025 diagnostic course in Orlando: Yanjun Hou
  - b. CAPA 2026 business meeting in San Antonio: Faqian Li
10. Membership Committee: Chair: Belinda Su; co-chair: Min Cui
11. Newsletter Committee: Chair: Sunny Yang
12. Professional Partnerships Committee (Industry Relation Committee): Chair: Yi Ding
13. Research Committee: Chair: David Zhou
14. Trainee committee: Chair: Xin He
15. Weekend Subspecialty Diagnostic Course Committee: Chair: Wei Zhang; co-chair: Deyin Xing
